Haseeb Ahmad

Roll Number: **23L-3069** | Email: l233069@lhr.nu.edu.pk | FAST NUCES, Lahore

EDUCATION

Bachelor of Science in Computer Science *(2023 – Present)*

FAST National University of Computer and Emerging Sciences (NUCES), Lahore

Relevant Coursework: Cloud Computing, Distributed Computing, Data Structures, Operating Systems, Computer Networks.

Higher Secondary School Certificate (Pre-Engineering) *(2021 – 2023)*

Punjab Group of Colleges, Lahore

SKILLS

- **Cloud & Systems:** AWS (EC2, S3, Lambda, IAM, CloudWatch), IMDSv2, Linux (Amazon Linux 2023, Ubuntu)
- **Programming:** Python, Bash Scripting, JavaScript/Node.js, C/C++
- **DevOps & Web:** Git/GitHub, Systemd Automation, Apache HTTP Server, Nginx, RESTful APIs

PROJECTS

Dual-Path High Availability CV Hosting on AWS

Architected and deployed a multi-path CV hosting solution using AWS EC2 (with IMDSv2, Apache, and automated 5-min systemd sync from private S3) and AWS Lambda (with Function URL, binary PDF Base64 encoding, and structured JSON latency logging).

Cloud Infrastructure Security Auditor & Evidence Collector

Engineered a Bash CLI auditor that automates verification of AWS STS identity, S3 Block Public Access configurations, IAM least-privilege role boundaries without wildcard abuse, and CloudWatch log group retentions.

Distributed Task Scheduler & Health Monitor

Designed an autonomous background daemon and timer service in Python/Systemd with structured JSON audit logging, zero-downtime execution, and automatic error handling.
